

EXPRESS RANCHES

Grass Time

SALE

FRIDAY
APRIL 30
Noon CDT
At The Ranch
Yukon, Oklahoma

SELLING 600+ HEAD

• Angus • Limousin • Lim-Flex •

On Behalf of Express Ranches Welcome...

Welcome to Express Ranches for our Third Grass Time Sale. We greatly appreciate your interest in our offering and believe we have assembled a nice set of cattle for your appraisal.

Included in our Grass Time Sale will be both Angus and Limousin pairs, and fancy, commercial heifers bred to Northern Improvement and 263C.

We also will be selling over 110 Angus bulls.

With early spring rains, conditions look favorable for early grass and excellent pasture this year. We look forward to seeing you **Friday, April 30**. If we can be of any assistance or supply additional information, please don't hesitate to call.

At Express we are constantly striving to blend technology with common sense to supply you, our customer, with the best cattle we can produce.

If Kevin, Mark, Donnie, John, I or any of the crew can answer any questions or supply additional information don't hesitate to call.

Sincerely,

Bob & Jarold

Bob Funk & Jarold Callahan

2202 N. 11th Street, Yukon, Oklahoma 73099
800-664-3977 • 405-350-0044 • www.expressranches.com

Location: The ranch and sale headquarters is located west of Oklahoma City just north of Yukon, OK. Take the Garth Brooks exit (Exit 136) off of I-40 in Yukon. Go 3.5 miles north. The sale entrance is the first entrance to the ranch on the east side of the road.

Sale Location

Yukon, OK
★●Oklahoma City

Yukon, Oklahoma

- Only 20 minutes from Oklahoma City
- 2+ hours from Tulsa, OK
- Take exit 136 off of I-40, then go 3.5 miles north of Yukon.

Selling 600+ Head

- 110 Angus Bulls
- 100 Registered Angus Spring-Calving Pairs
- 120 Limousin & Lim-Flex Lots (Spring & Fall Pairs)
- 20 Fancy, Angus & Limousin Show Heifer Prospects
- 100 Commercial Angus Replacement Heifers
- 30 Commercial Angus Pairs

Sale-Day Phone Number:
(405) 350-0044

Calving-Ease Rating

- ★★★★ Excellent calving-ease, use with confidence on any type of heifer.
- ★★★ Superior calving-ease, should work with most heifers and most situations.
- ★★ Moderate calving-ease, most people will use these bulls on cows, but they can be used on heifers if calving-ease is of less concern.
- ★ We recommend these bulls for use on cows.

Absentee Bidding Process for the Express Ranches Grass Time Sale

Express Ranches invites those are unable to attend to be a part of the action!

We would never want to give someone an excuse to NOT attend our event, but if the situation arises, we have you covered. With the help of LiveAuctions.tv, we are now able to give you a live connection to the auction.

Real-time bidding will be available via the Internet for this sale. Live audio and live video will allow buyers to bid on animals as if they were present at the sale. Buyers must create an account prior to the sale. Please visit <http://LiveAuctions.tv> to create an account. Instructions are available at <http://LiveAuctions.tv> to walk you through the set-up process, contact Brad Fahrmeier at 816-392-9241 or brad@LiveAuctions.tv

Bid Online Live:

Express Ranches Bull Development

All bulls are developed on a high roughage ration from weaning until sale time in large traps allowing them to get out and be bulls! We feed to obtain optimum performance while not sacrificing longevity! While extreme weights are impressive, we feel keeping cattle sound and functional are equally important. We have spent countless hours developing a feeding program that not only allows us to amplify the genetic potential, but keeps the cowman in mind that purchases him. All Bulls are on a 40-45% hay-based ration fed not over 3% of body weight. After all scan data is retrieved, bulls are backed off of feed, and hardened up to first turn out condition. This allows us to eliminate the bulls that fail to respond when conditioning for the upcoming sale.

To sum it up, we try to get the bulls into the same shape we like to buy them in!

Express Ranches Vaccination Schedule & Feeding Program

Recommended by Dr. L.D. Barker, Professional Animal Health, Newcastle, Oklahoma

TIMING	PRODUCT SUGGESTION
Birth	CalfGuard (if needed) ¹
3 Months	Bovi-shield Gold 5 Cavalry 9 Microplasm/Pasturella Implant
Weaning	Bovi-shield Gold 5 Spirovac ³ Cavalry 9
14 Days Postweaning	BV Gold 5/Calvalry/Spirovac
Prebreeding (heifers/developing bulls)	Bovi-shield Gold FP 5 VL5 Ivomec
Prebreeding (cows/bulls annually)	Bovi-shield Gold FP 5 VL5 Spirovac ³ Ivomec
Pregnancy Exam (cows/bulls annually)	Leptoferm 5 Ivomec

Dr. L.D. Barker

¹ Rota-corona virus vaccine administered prior to nursing.
² May be given to calves nursing pregnant cows if cows have been vaccinated within the previous year with Bovi-Shield (or PregGuard).
³ Spirovac should be administered to breeding animals twice at 4-6 week intervals the first year of administration. Spirovac should be administered as early in life as possible (after 4 weeks of age) to provide immunity prior to exposure and potential development of the carrier state. A preweaning/weaning period is included in the protocol. However, this could be given at branding (followed by a 2-4 week booster) or twice prior to weaning.

Notes

No more than three gram (-) vaccines administered at one time
 "5-way" Lepto administered twice annually (~ 6 month intervals) in "high risk" herds and once annually in "low risk" herds
 Spirovac administered twice the first year and once annually.
 Spirovac titers may be a problem for export requirements or AI centers. Consult your veterinarian or AI center personnel prior to administration to breeding animals destined for export or semen collection.
 Bovi-Shield may be used in calves nursing pregnant heifers/cows or in pregnant heifers/cows if the heifers/cows were vaccinated within 12 months. Bovi-Shield must be given initially to open females.
 ScourGuard 3 (K)/C should be administered pre-calving if calf scours is a problem. This should be administered twice (at least two weeks apart) the first year, with the second dose given 2-3 weeks before calving. A single annual booster may be given 2-3 weeks before each subsequent calving. Heifers' calves are twice as likely to develop scours as calves born to mature cows.

BULL GUARANTEE

All bulls selling have passed a Breeding Soundness Exam 30- 45 days prior to the sale. We feel this is the best estimate we have to predict bulls that will go out and service as many cows as possible in the required time period.

Although all bulls have passed a BSE, we know certain problems can arise after you receive your purchase. To help ensure your investment, Express Ranches will guarantee all bulls selling for \$1,500 or more against breeding injury, and **to be sound breeders for the first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.**

This means that if you don't intend to use the bull for some time after purchase, we suggest an additional BSE by your Licensed Vet to assure the highest conception rates possible.

Checking your bulls prior to turn out each year is cheap insurance to assure your bull is ready to go!

If a problem arises, contact us and we will provide a replacement bull if available, or if the buyer prefers, credit toward a bull will be given in the upcoming sale, less salvage value of the injured bull. Please notify us as soon as possible should injury or problem occur and prior to the injured bull being sold for salvage.

VOLUME DISCOUNTS

In an effort to show our appreciation to our loyal customers, we once again will be offering our VOLUME DISCOUNTS on bulls only! Remember, if you need a large number of bulls we have you covered!

5-9 BULLS

WE'LL TAKE OFF 5% PURCHASE PRICE AT SETTLEMENT

10 OR MORE, MAKE IT 10%

We hope this will make it a little easier to fill the truck!

FREE BULL DELIVERY TO CENTRAL POINTS

Transportation costs for livestock are currently at an all-time high. We also hope to limit the amount of unnecessary extra time bulls spend on the trailer in transit to your ranch. Because of these factors Express Ranches is implementing the following delivery policy.

The central points for delivery will include auction barns, vet clinics and ranches that offer to serve as a delivery point. We will map out the route after the sale and do our best to get your bulls to you as quickly and conveniently as possible.

We simply ask for your cooperation in arranging the delivery of your bulls. This will keep the bulls from being on the truck too long and therefore get your bulls to you in the best condition possible.

Please assist us by leaving the correct contact people and numbers so our staff can keep you informed as to the status of your delivery.

We will also be offering a **\$50 PER HEAD REBATE (BULLS ONLY)** for customers who arrange to pick up their bulls here at our sale location within one week of the sale.

As you will note, Lots 163 thru 209 are AMC or NHC. We have had several requests from customers wanting to utilize this great set of females as registered recips and thus we are offering them in packages of three with the opportunity to purchase choice one time. The calves are pending registration following AM and NH test results which are not yet available at this time.

Check out the big, strong-aged bull calves at side of this trio of females. Young producing females in the prime of their life. These packages will make excellent purebred recips or great additions to your herd—always breed them to a non-carrier sire and you will never see an affected calf or have a problem. Opportunity is knocking at the door for the buyer of these young females.

Young producing females in the prime of their life. These packages will make excellent purebred recipis or great additions to your herd—always breed them to a non-carrier sire and you will never see an affected calf or have a problem. Opportunity is knocking at the door for the buyer of these young females.

This fall-born show-heifer prospect is by Dollar General and produced by a fancy daughter of EXLR Native that descends from the many-time champion EXLR Jenna 056M.

Since the inception of the Express Ranches Scholarship Program in 1995, 328 juniors nationwide have benefited from exhibiting EX genetics. An unprecedented \$2,493,769 has been awarded to date. Bob Funk and the entire Express team find it a privilege to make dreams a reality for the future of the cattle business—young men and women. These highlight show heifers, as well as any other heifers in this sale, are eligible for the Express Scholarship Program. We thank you for making Express a part of your future.

Sired by the Gold Medal sire Pure Power and produced by an excellent daughter of EXLR Polled Resolve.

110 Black Angus Replacement Heifers

This outstanding set of heifers are high-volumed, big-boned, feminine and moderate in their make up. They sell AI'd to EXAR 263C, the sire of the high-selling sire group in the Express Ranches 2009 Spring Bull Sale. This set of fancy heifers should wean a whale of a set of calves!
